**Look into** your list of schools. Do they accept the TOEFL test, and what are their score requirements for admission?

Be sure to find out what proof of English proficiency is required to get your student visa. Your destination country's immigration agency website should have the information you need.

Plan to take the TOEFL test 2 – 3 months before your earliest application deadline.

Relax and get a good night's sleep!

## TEST DAY

Have a good breakfast and get to the test center at least 30 minutes early. Make sure you bring your ID and your registration confirmation with you.

Consider bringing a snack to eat during the 10-minute break.
